

Thank you for viewing RDL Architects' newsletter.

Since launching our new brand late last year, we've decided to revamp our newsletter. Moving forward, each month around this time, you'll receive our newly-reformatted newsletter to not only showcase a featured project, but also the breadth and depth of our capabilities and offer a glimpse into the projects we're currently working on.

We look forward to providing value to our readers and welcome any feedback!

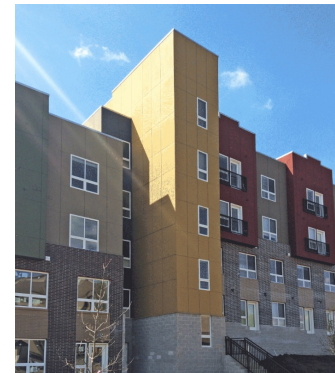

Featured Project

THE HEIGHTS AT LINDEN SQUARE

Gladstone, Missouri

This upscale multi-family community situated in Linden Square at the heart of downtown Gladstone, a suburb of Kansas City offers opportunities to create new experiences for residents, the community and the city.

Located on a five acre site, it consists of a mix of 250 one and two-bedroom apartments with two level options, a 7,500 square foot community center, an outdoor pool, fully-equipped fitness center, beautifully landscaped courtyards and an adjacent 250 space open air parking deck. Amenities also include 7,000 square feet of retail space and a farmers market.

AROUND TOWN - OHIO

Each newsletter, we'll focus on a different part of the country where we have done work, and provide a snapshot of our activity in each city or state. We're beginning with our home state of Ohio, since we're so proud to contribute our talents and service to building, restoring and renovating communities in these great cities where we live, work and play.

2014 - 75+ projects completed from Cincinnati and Columbus to Cleveland

2015 - 20+ projects in progress throughout the region - with many more to follow!

Here are just a few of the projects throughout Ohio that RDL is working on that are either under construction or had recent grand openings:

- Knockouts | Brecksville, OH
- The Shops at Macedonia | Macedonia, OH

- Westwood Town Center | Rocky River, OH
- Independence Tower | Independence, OH
- Parsons Senior | Columbus, OH
- Heather Knoll Retirement Community | Tallmadge, OH
- Greenhills Apartments | West Liberty, OH
- Loveland Senior Housing | Loveland, OH

RECENT PRESENTATIONS

On April 20, members from our planning and design team presented at Design Columbus 2015 on the topic "Upcycling St. Clair: A plan for the St. Clair Neighborhood."

The plan used the "[upcycling](#)" concept and project design as a catalyst for an historic neighborhood resurgence and transformation to help redefine the essence and rebrand the neighborhood and region.

[Click here](#) for more information on this topic.

RECENT AWARDS

RDL Architects was pleased to be awarded the Gold Award for Best Exterior Architectural Design in the Condo/Cluster Under 2,500 square feet category by The Home Builders Association (HBA) of Greater Cleveland.

The award was presented for the 118 Flats-Square project at the 2015 Cleveland Choice Awards in March.

[Click here](#) for more information on the award.

CLIENT SHOUT-OUT

"For almost 12 years, we have enjoyed an excellent working relationship with RDL Architects. In that time, we have worked on almost 50 jobs together with a construction cost value of more than \$70 million. We have found Mark Poltorek and the entire staff at RDL to be professional, fair, honest, creative and great problem solvers. RDL does whatever it takes to get the project complete on time while ensuring the client always receives a first class project."

- Steve J. Ciuni, President
Drake Construction Company
